

# 2014-15 Indemnified Binding List

Every effort has been made to ensure the accuracy of the list. Remember: The last word on accuracy is provided by vendors, usually in their shop practices or tech manuals.

Compiled by the National Ski & Snowboard Retailers Association (NSSRA).

Updated 9/19/2014

The Vist list does not include the complete name of every bindings model as in some models the name also includes the colour. For example: V614C is the basic name of the binding model regardless of colour. The correct name / code would be V614CWFREE for a White basic colour (W) where you are free (FREE) to put (click on) a toe cover in any colour you want.

### IMPORTANT NOTICE – Atomic Binding Update

The changes to its 2013/2014 Binding Indemnification List reflect Atomic's policy regarding discontinuation of service on certain Atomic bindings which are beyond the appropriate serviceable life.

Each year, Atomic USA reviews its Binding Indemnification List. New models are added, and in some instances, older models are removed from the list.

In particular, in 2008, Atomic announced a recall of certain bindings manufactured between 1998 and 2002. These bindings have been removed from 2013 Binding Indemnification List, as the bindings are beyond the appropriate serviceable life. This removal is consistent with Atomic's policy on Binding Indemnification.

In summary, skiers are best served when they are encouraged to stop using bindings that are deemed beyond the appropriate serviceable life by Atomic, or bindings which show excessive wear.

Not all model years of "RACE 4.12", "RACE 6.14" and "RACE 10.18" are included on the 2013/2014 Schedule of Indemnified Bindings. To identify these models, dealers should refer to the attached Atomic Race Models Schedule of Indemnified Bindings.

Atomic recommends that any version of the "RACE 4.12", "RACE 6.14" or "RACE 10.18" that is not on the attached color poster should be replaced by the skier, and should not continue to be serviced by the dealer.

If consumers have questions regarding bindings that fall within the 2008 recall, please direct them to Atomic's toll-free Recall Hotline at (888) 535-7555 between 8 a.m. and 4 p.m. MT Monday through Friday; e-mail: [consumerserviceUS@atomicsnow.com](mailto:consumerserviceUS@atomicsnow.com)

### Non-Indemnified Atomic and Salomon Bindings

Older models of bindings no longer on the Schedule of Indemnified Bindings may still be serviced, however liability Indemnification will not be offered by Amer Sports for these models of bindings. Dealers wishing to service these models of bindings can reduce their liability risk by requiring an additional waiver and release agreement and attaching it to the Workshop Form. Such waivers should be reviewed by a dealer's own legal counsel to ensure compliance with applicable laws.

Atomic and Salomon bindings are not designed or tested for use with Monoboards, therefore bindings mounted on Monoboards will not be indemnified.
