**5-YEAR WARRANTY**

**ATHALON<sup>®</sup>**

*In 1973, Athalon established manufacturing in Denver, Colorado. Each bag was designed and tested by Athalon employees, who were avid sports enthusiasts and travelers. In order to pass our rigorous tests, each bag had to be incredibly durable, and also work perfectly. The pockets needed to be properly sized, and placed in the ideal spot to derive maximum comfort, and maintain usefulness. The shoulder straps and handles had to be appropriately balanced and comfortable. Every bag had to be lightweight and still be able to reape all of Nature's elements. Every stress point, whether it be on a handle, shoulder strap, or seam are reinforced and tested to withstand extremely rigorous use. As the years have passed, Athalon's reputation for quality, durability, and service has grown. Today, we have expanded our designs, and now manufacture bags for reputable online retailers & store retailers along with better sporting goods and department stores.*

***We proudly back all of our products with a 5-YEAR WARRANTY.***

*Depending on the nature of the defect, the manufacturer will either repair or replace the product with a comparable model, without charge, and will notify you what steps you must take to have such repair or replacement take place, but in no event shall the manufacturer be liable for breach of warranty in the amount exceeding the purchase price of the goods. The manufacturer does not in any way warrant the fitness of the product for any purpose other than the ordinary purposes for which such products are used and there are no other warranties, either expressed or implied, beyond those described herein.*

*This warranty specifically excludes any claim for direct, incidental, or consequential damages, and does not apply to damages incurred in mishandling or abuse in transit (as to which you should contact the carrier), does not apply to unauthorized repairs, and is only for the benefit of the original owner. In addition to such rights as you may have under this warranty, you may have other rights under law which vary from state to state, specifically, certain states do not permit any limitations on incidental or consequential damages or on the expiration of any implied warranties.*
