GRIP IT AND RIP IT WITH
THE STANCE 96.

EDGE GRIP

When a race inspired sidecut pairs up with double Ti construction, the result is confidence inspiring edge grip whether you're laying a turn on piste or off.

MANEUVERABLE & PROGRESSIVE

A progressive frontside sidecut teams up with a full poplar woodcore and C/FX creating unmatched confidence when you're railing a turn on piste or racing through the glades.

POWER

Metal Twinframe technology pairs with C/FX and a double Ti laminate to create a damp, hard charging ski that inspires confidence regardless of speed, terrain or conditions.
