MADE IN USA 

Sportube Hard Travel Cases

Proudly made in the USA, Sportube hard cases are strong, durable and lightweight. Check them with airlines, ship them with any carrier, or attach them to the roof of a vehicle for easy and convenient travel no matter the destination. Some airlines only accept liability for damages if your gear is checked in a hard case. Sportube hard travel cases are the best on the market and offer superior protection when compared to soft bags.

Easy Pull Handle
Improves comfort and maneuverability.

Handles
Handles are ergonomically positioned.

Hard Plastic Shell
Made of HDPE, Sportubes are resilient to abuse and damage.

Adjustable
Telescopic design is easily adjustable in length.

Security
Lockable with a Sportube TSA Lock. Non-locking Wire Case Pin incl. with all cases.

Wheels
Durable, rubber wheels improve maneuverability.

All Sportube cases come with a 5 year manufacturer's warranty.

** Black Sportube's now made from 100% Recycled HDPE Plastic

Color options

*Silver Platinum color is our Special Edition option and includes a TSA lock, Nic Nac Pack and Lifetime Warranty.

Whats New!

For those who like to make a statement on and off the slopes, look no further than our new Raspberry Sherbet colorway. Taking the place of our popular Paisley print, this bold, rich pink is available across all models.

We are also working hard to reduce our environmental impact and are excited to announce the move to 100% recycled HDPE plastic on all black Sportube hard cases. The quality you trust, the sustainability we need.

Freerider™ Boot Bag

Overheader™

Also introducing the Stealth Collection. Designed for the refined yet reserved traveler, the all-black, uniform colorway is timeless and elegant. The uniform black exterior will include all seams, zippers, straps and buckles. The bags will feature a minimalist, single bronze logo design with a matching interior bronze lining to ensure any small, tucked away items are easily located.

The Toaster Elite heated boot bag is the perfect addition to your gear collection. With three heat settings, you can choose how toasty you want your boots. The Toaster Elite can fit one or two pairs of ski/snowboard boot and gear while on your way up to the mountain or from the comfort of your own home.

Toaster Elite™ Specs

- Fits up to size 32 ski or snowboard boot
- Two power sources: one standard plug for 120V wall outlets and one 12V plug for the car
- Zip-up, comfortable floor mat for standing on while changing into boots
- Strong, lightweight 600D (Prints) with PVC coating or 840D (Solids) with PU coating and 1680D ballistic polyester material for added strength and durability
- Hideaway backpack straps with gear loops
- Accessory pockets for personal items and gear
- Thicker PE foam laminated with foil on side and bottom panels to increase heat retention

Cabin Cruiser™

Avoid your boots going to Aruba while you're in the mountains by carrying on your gear with our Cabin Cruiser boot bag. This 41 liter, carry-on compliant, wheeled boot bag will ease your traveling woes with compartments large enough to hold your boots, clothing, helmet, goggles and any other gear you need to step off the plane and onto the hill.

Cabin Cruiser™ Specs

- Fits up to size 28 ski or snowboard boot
- Strong, lightweight 600D (Prints) with PVC coating or 840D (Solids) with PU coating and 1680D ballistic polyester material for added strength and durability
- Padded boot compartment and back panel, and detachable helmet pod
- Quick Stash top pocket for easy access to personal items at security and padded tablet pocket
- Centerfold design allows simultaneous access to boots and clothes
- Extra-long collapsible pull handle for easy use by all heights
- Inline skate wheels
- 6 lbs (2721 grams, 41 Liters)
- 3 year manufacturer's warranty

Ski Shield™

A premium, fully padded wheeled double ski bag. The areas most prone to damage and airline abuse—the tips and tails of skis—are extra-protected in the Ski Shield thanks to our proprietary GearShield Technology. It features high-density polyethylene plastic sheathing surrounded by thick padding at both ends of the bag, adding valuable protection where it's needed most. The Ski Shield is perfect for those skiers, racers, boarders, and nordic enthusiasts who demand protection but prefer the styling of a soft bag. The Ski Shield is undoubtedly the next best thing to a Sportube hard case.

Ski Shield Double™ Ski Bag Specs

- Fits two pairs of skis/poles up to 190cm
- Strong, lightweight 600D (Prints) with PVC coating or 840D (Solids) with PU coating and 1680D ballistic polyester material for added strength and durability
- Hitchin Technology allows a Sportube boot bag to easily connect to the Ski Shield for convenient maneuverability

- Internal pockets for personal items
- 7.5 lbs. (3400 grams)
- 8,238 cubic inch capacity (135 liters)
- 3 year manufacturer's warranty

Color options

Large padded grip handle

Fully padded for binding & ski protection

GearShield™ Technology For Added Protection
